**LOCATION:** DNREC – Division of Climate  
100 Water Street  
Dover, DE 19901

**Closing Date:** Until Filled  
**Salary:** \$44,965/year

***This is not a merit position. It is a contractual position with the opportunity to work long term.***

The Kent Conservation District, a governmental subdivision of the State of Delaware, is seeking applicants for the contractual services position of Climate and Transportation Policy Specialist with the Delaware Department of Natural Resources and Environmental Control (DNREC), Division of Climate, Coastal & Energy's Climate & Sustainability Section.

The Climate and Transportation Policy Specialist will implement Delaware's Climate Action Plan through planning and implementing programs focused on reducing emissions in the transportation sector. Specifically, this position will be responsible for supporting programs that promote electric vehicles in the state along with other carbon reduction strategies in the transportation sector. Specific duties will include research and analysis of state and regional policies for electric vehicles, charging stations and electric school buses, assisting with development of a statewide electric vehicle infrastructure plan, assisting with implementation of a consumer rebate program, and outreach and education for a variety of audiences. This position may also assist with greenhouse gas reporting and climate resiliency initiatives.
